

VEHICLE SAFETY SYSTEM

THE ALL NEW HUD MULTI FUNCTION DISPLAY PARKING SENSOR SYSTEM

The advanced Auto-i Heads-Up Display system allows you to keep your eyes on the road rather than watching the speedometer or distance behind car when you reverse. The display projects a digital image of your vehicle speed right on the windshield

Display Include:

- Back-up distance display,
- Vehicle speed display with over speed warning Beep
- Battery voltage display,
- Time display
- Metric-English conversions distance display

BACK-UP CAMERA

Auto-i Back-up Camera systems uses large TFT wide screen which is built-in the rear view mirror or individual monitor. When the vehicle is shifted into reverse, a camera sends a wide-angle view of the area behind the vehicle to a monitor near the driver.

MEMBER

Auto-i is a leading manufacturer of Vehicle Safety System, and is committed to continuously providing reliable products to the mobile electronics market.
